Subject: The Willamette River deserves to be cleaned up and cared for

Dear Administrator Gina McCarthy,

I grew up in Oregon and have ratted portions of the Willamette River. It needed to be cleaned up then and all of these years later, it needs a strong cleanup plan. Please revise the draft cleanup plan for the Portland Harbor Superfund Site and choose Alternative G so that the birds and wildlife that depend on the river are safe. By dredging out the toxic sediment and disposing of it properly. Any facilities that are polluting above strict standards should be shut down or be required to retool their operations to reduce pollutants. Please restore this wonderful asset for people and wildlife.

Thank you.

Sincerely,

(b) (6)

Tucson, AZ 85742
